

Have you ever wanted to do something extra-ordinary, something that takes you out of your everyday experience, challenges your perceived limits and puts life into perspective?

In 2012, Legacy Kokoda Trekkers in conjunction with Free Spirit Adventures and the Kokoda Track Foundation, will be offering a unique opportunity to walk the Kokoda Track and contribute to a community project in PNG.

Legacy is dedicated to the welfare of families of Australian service personnel who have died on active service or subsequently. 'Legacy Kokoda Trekkers' are Legacy's ambassadors in the wider community and as such, are initiating this project to give something back in a tangible way to the communities that supported our diggers in the defense of Australia. This trek also provides an opportunity for current generations of Australians to walk in the footsteps of those who served on the Kokoda Track; giving trekkers a real appreciation of the sacrifices Australian service men and women make during times of war.

Everyone takes something different from the Kokoda Track experience. For some there is a strong connection to the military history, for others it is a beautiful wilderness experience and inspiring culture, a place to reflect on what's important in life, and for many it is the challenge of one of the most demanding jungle treks in the world. This opportunity will also give you the chance to make a difference in the lives of the people who live on the Kokoda Track, whose forefathers – the Fuzzy Wuzzy Angels; made a difference in our history.
