Risk Awareness / Liability Waiver

I have been advised by Free Spirit Adventures (FSA) and Getaway Trekking PNG (GTPNG) of the following matters in relation to my upcoming Kokoda trip with FSA/GTPNG:
I have been advised that travel and trekking are inherently dangerous activities. I may be killed, injured, incapacitated and experience pain, illness and suffering. I may experience loss, damage or theft of my property. Any of the above may not be FSA or GTPNG's fault or the fault of anyone. These incidents may be caused by others in my party, employees or directors of FSA or GTPNG, their subcontractors or even my guide, may be caused by environmental factors, or even just physical or mental exhaustion which can happen at any time on my trip. There is no way of predicting all the hazards I may face. While FSA and GTPNG will take reasonable precautions to minimise the risks, there is no way FSA and GTPNG can guarantee my safety on this trip 100%.

I acknowledge that the areas we will be travelling in PNG are often remote with little or no immediate medical support. In some remote areas self-rescue is the only option. My guide may need to begin first aid appropriate to the remoteness of the area and the nature of my ailment. By signing this document I certify that I have read and understood these risks and they are acceptable to me.

I also agree not to seek compensation, financial or otherwise from any incident that might occur during or associated with the trip, from FSA or GTPNG, its directors, officers, employees or subcontractors.
FSA, GTPNG and their agents including employees, guides, leaders, subcontractors and porters shall not be liable for loss, death or injury, to any of its clients or loss or damage or delay to their baggage, personal effects or other property arising from the following:
1. Acts of God including but not limited to Landslides, Ice Cliff Collapse, Avalanche, Earthquakes, Flooding and Fire;
2. Civil disturbances of any nature including but not limited to War, Revolution, Riots, Strikes or Labour Shortages;
3. Environmental Factors such as changes to trails rivers and valleys, loose rocks, unstable ground, bad weather;
4. Any other circumstance beyond our control and responsibility.
