### Day 3

#### **IGUASSU (B)**

After breakfast this morning you will be taken on a full day Brazil side falls and Macuco tour. The waters converge at the point where Argentina and Brazil meet. This is the widest waterfall in the world and is topped in height only by Victoria Falls in Zambia and Angel Falls in Venezuela. The Iguazu river discharges an average of 1700 cubic metres of water per second from 70 metres along 275 falls spread in a half moon over 2.7km.

The Brazilian side offers the best panorama. On the Macuco safari ( SHARED ) we will visit the falls again but with another point of view, from the water. The tour starts with a ride on a special truck through a jungle trail, after a short hike we'll sail in a special speed boat and going very close to the great waters get the best photograph of this magnificent expression of nature.
